

Kansas Certified Crop Adviser

Scholarship for School Year 2010-2011

The Kansas CCA program will award the following scholarship on the basis of merit to any high school or current undergraduate student:

1 – \$1000.00 Scholarship

Eligibility

Any high school student planning to major in, or current undergraduate student majoring in, agronomy, crop science, ag engineering or a related field of study. This scholarship is available to students planning to attend or currently enrolled at any junior colleges/community colleges or four-year universities in Kansas. This is a one-time scholarship, but winners may re-apply for the scholarship after the first year. Applicants should be self-starters, have a good academic standing, be good school and community citizens and have a strong desire to continue their education.
